Message from the Executive Committee on Diversity & Inclusion

Greetings,

We hope this message finds you safe and well.

We are excited to invite all of you to **Weill Cornell Medicine's fourth annual diversity week**, scheduled for **April 25th to April 29th**. An array of hybrid events will take place throughout the week, featuring two keynote lectures by Dr. James R. Gavin, III, the Chief Executive Officer and Chief Medical Officer of Healing Our Village, and Dr. Carol Bradford, Dean of The Ohio State University College of Medicine. In addition, winners of the Ritu Banga Healthcare Disparities Research Awards, Pioneers in Diversity Awards, the Jessica M. and Natan Bibliowicz Award for Excellence in Mentoring Women Faculty, and members of our community who have been recognized nationally will be honored during an evening celebration of diversity.

We also welcome two new members to the Executive Committee on Diversity and Inclusion: Fanesse George, the Assistant Director, Staff Diversity and Inclusion in the Office of Staff Diversity & Inclusion, and Yazmin Carrasco, Assistant Dean for Diversity and Inclusion for the graduate school.

As always, we welcome your suggestions regarding how we can work together to build a more diverse and inclusive community, where everyone knows that they belong. Best Regards,

Best Regards,

Yazmin Carrasco, Linnie Golightly, Joy Howell, Rache Simmons & Fanesse George

SPOTLIGHT ON MEDICAL COLLEGE ALUMNI

Dr. Dakotah Lane, MD '13, and Dr. Cristina Toledo-Cornell, MD '13

Dr. Dakotah Lane, M.D. '13, and Dr. Cristina Toledo-Cornell, M.D. '13, have spent the pandemic partnering to reduce the toll of COVID-19 in one Native American tribal community, their efforts helping to minimize hospitalization and death and encourage high vaccination rates among the Lummi Nation of Northwest Washington State.

Dr. Lane, director of the tribe's health clinic, and Dr. Toledo-Cornell, public health director of the Lummi Tribal Health Center until July 2021, returned to Weill Cornell Medicine to describe their pandemic experiences during a virtual town hall held in November by the Weill Cornell Medicine Office of Diversity and Inclusion. Key to their success, they said there and in subsequent interviews, was a preventative public health strategy that anticipated community-specific needs, such as opening locations for infected members of multi-generational households to safely isolate, and providing clear information in response to concerns about vaccines.

Dr. Winston Price, MD '74, a Georgia pediatrician and the president and chair of the National African American Drug Policy Coalition, has been named the National Medical Association's 2021 Practitioner of the Year.

The annual award recognizes Black physicians who have made major contributions in support of the mission of the NMA, which advocates for the elimination of health disparities and the advancement of the art and science of medicine for people of African descent.

Winston Price, M.D. '74
